

ASSIGNMENT 1

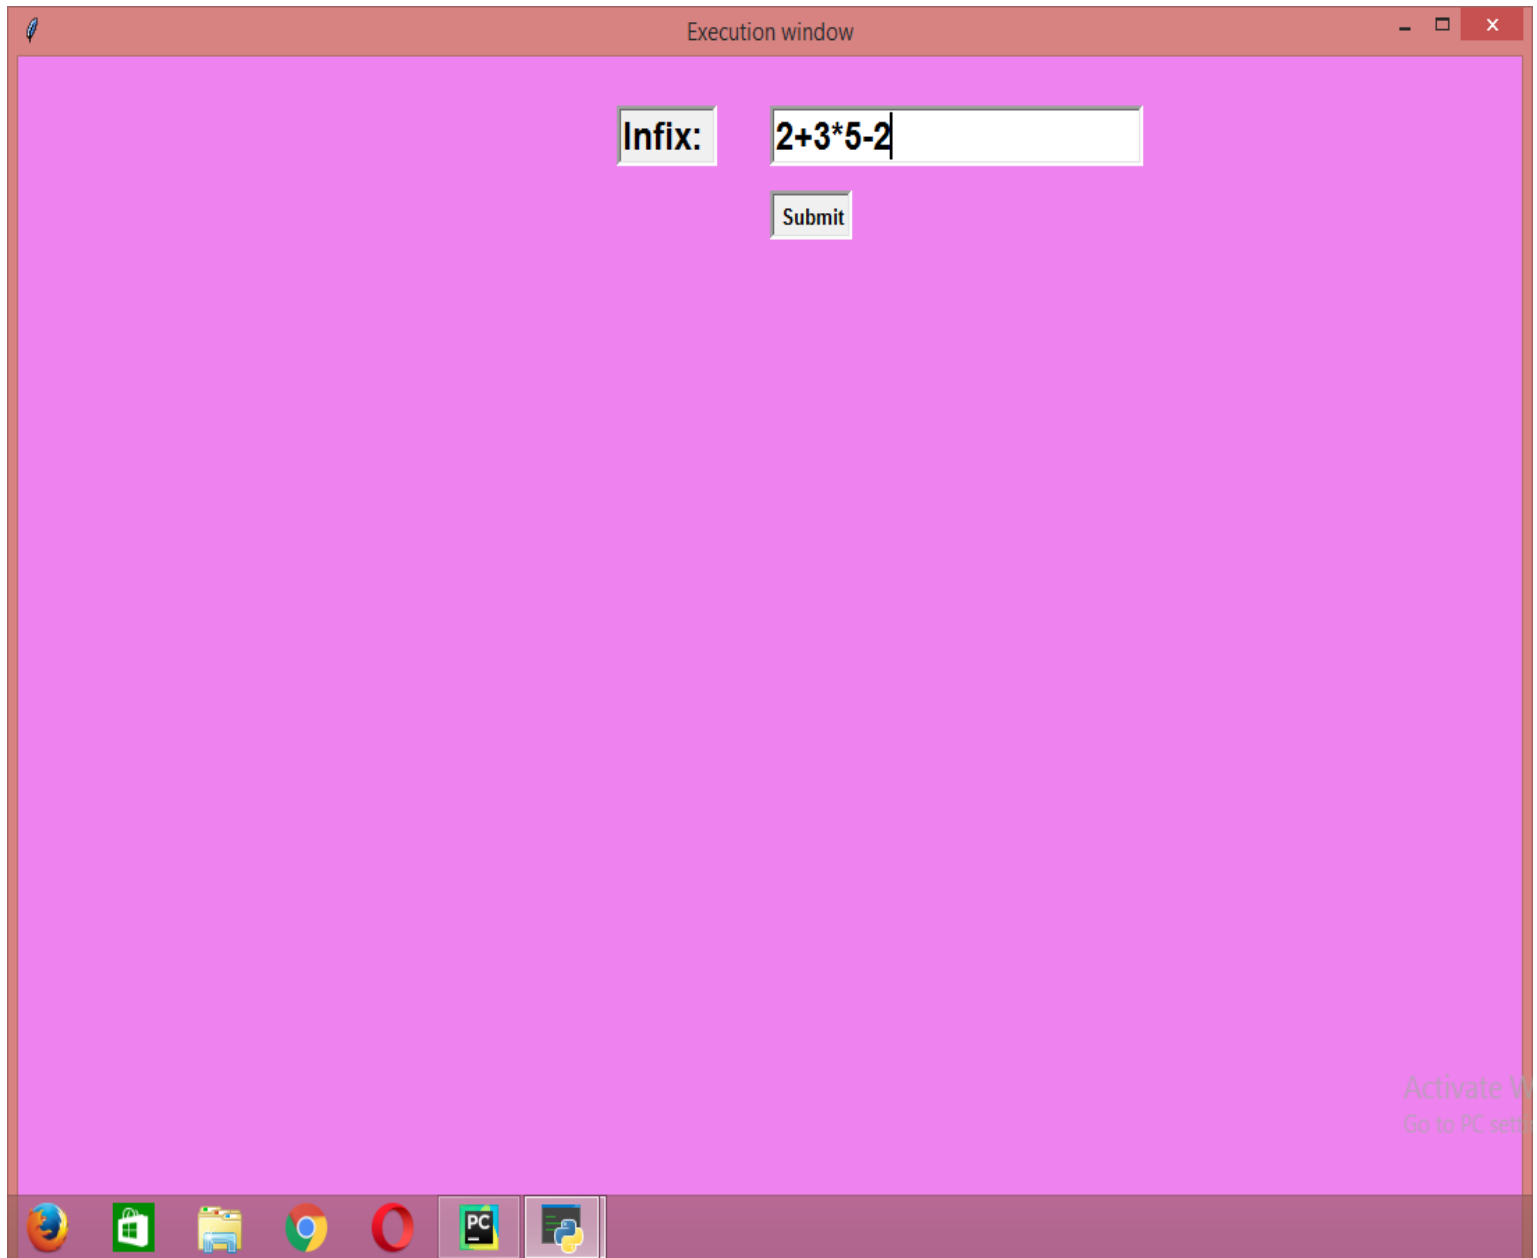

Home screen window with two buttons- 1) Infix to Postfix converter 2) Help

Opening the first button-

An input screen asking for Infix expression

A user enters infix input to get the desired postfix output.

Execution window

Infix:

Postfix:

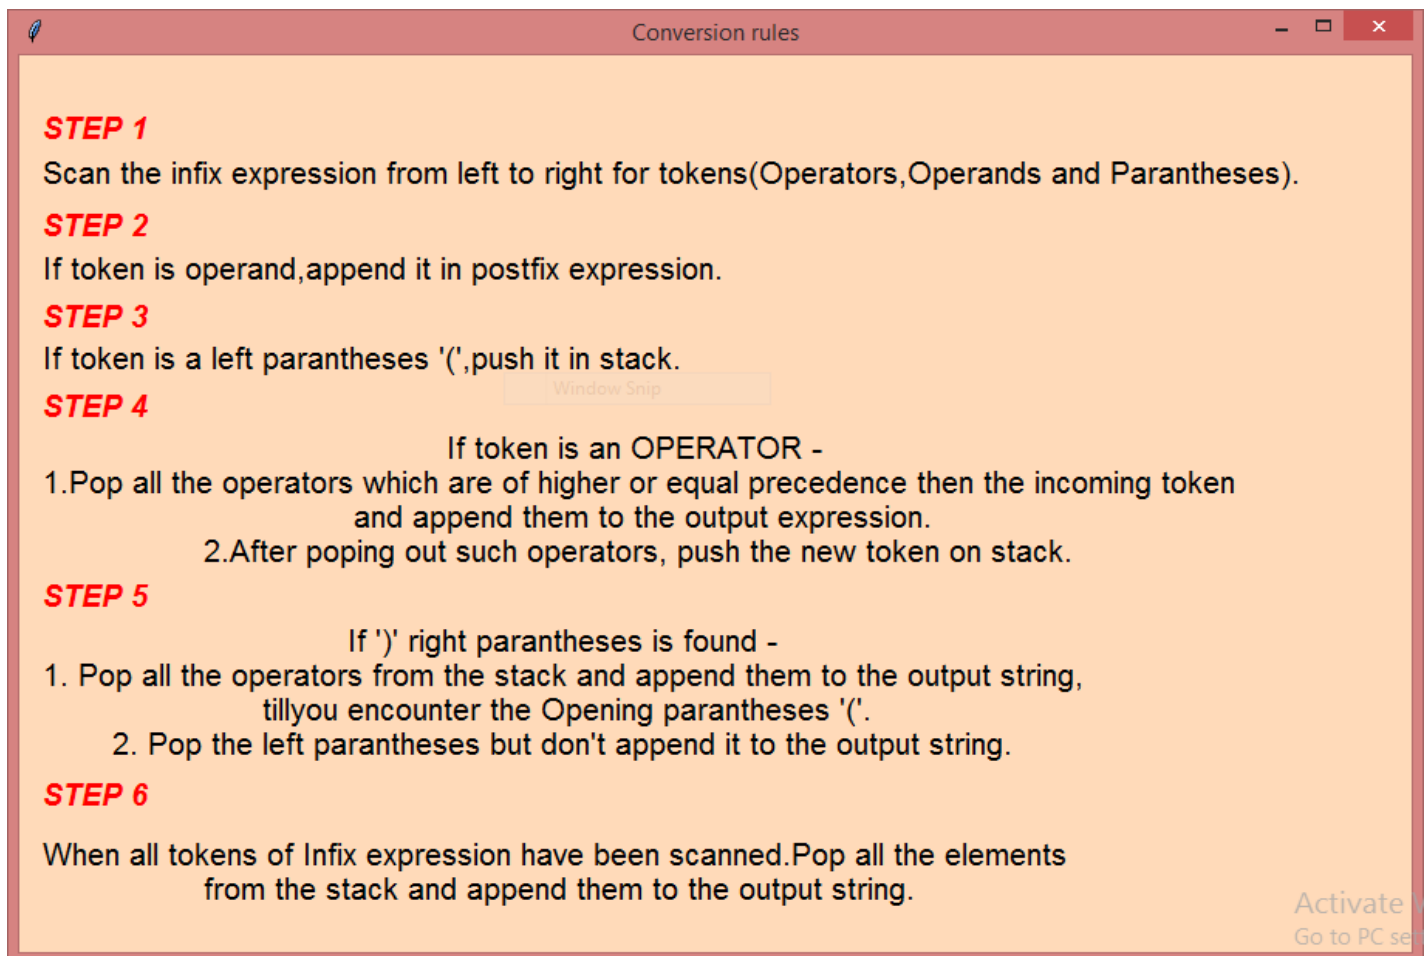

Symbol	Stack	Postfix
2		2
+	+	2 3
3	+	2 3 5
*	+ *	2 3 5 *
5	+ *	2 3 5 * +
-	-	2 3 5 * + 2
2	-	2 3 5 * + 2 -
	-	

Evaluated answer is:

Activate Windows
Go to PC settings

Getting desired output for the input along with the table showing steps of conversion.

Entering the second button which is named as “Help”.

A help window explaining the rules of infix to postfix conversion.
